

2020 Graduation Seniors

In an effort to recognize and honor all graduating seniors for their participation in squash over the years, and highlight their achievements, US Squash is asking graduating seniors to share some reflections on their junior squash career.

Many have already submitted a photo and a brief reflection on their junior squash experiences, and we would love to include you in this story to celebrate your achievements over your junior career and wish you the best as you move onto the next chapter in life.

What we are requesting is:

- 1) A photo of you, ideally in a shirt/sweatshirt of the college you will be attending next year. We request that the photo is a head on shot and that you are not wearing a hat or sunglasses or anything else that may be obstructing your face.
- 2) A brief comment on your junior squash experience. What role has squash played in your life? What is a positive memory you have? Again, this is meant to be brief, so around 150-200 words would be perfect.

Please email your photo and reflection to harry.smith@ussquash.com.

A sample submission is below:

Ellie Burke | DARTMOUTH COLLEGE

Throughout Junior Squash, I have learned the valuable lessons of hard work, sportsmanship, and camaraderie. One of the highlights of my Junior Squash experience was competing as a member of Team USA at the British Junior Open in 2019. Most importantly, I have met lifelong friends that I look forward to competing against in college squash.

Conner Stoltz | HARVARD UNIVERSITY

Playing junior squash has been undoubtedly one of the most important parts of my childhood and I wouldn't trade it for anything. Through the ups and downs, it taught me sportsmanship, strategy, how to continue on in difficult times, and of course, it kept me in good shape. I could not have had any of these great squash experiences without my parents and the organization and dedication of the us squash team, so I want to sincerely thank them for everything. Also, I cherish all of the relationships and great people I have met and become friends with through the game of squash and am looking forward to continuing my play in college next year. Once again, thank you.
